Empresa Consignataria y Estibadora de Buques
Puerto Santa Cruz de la Palma

Impulsando el desarrollo
de La Palma desde 1.864

Si algo distingue a Cabrera Martín, es la actividad portuaria. Desde el siglo XIX realizamos actividades de Consignación y Estiba para las principales compañías, incluyendo cruceros, buques de carga y suministros de tráfico regular.

16
YEARS
1999-2015

PUERTO market
SHIP CHANDLER IN THE CANARY ISLANDS

www.hamiltonycia.com

was established in the Canary Islands in 1837 by a Scottish named Mr. Lewis Hamilton, since then, the Company has been representing a large number of well known shipping companies from all over the world. We have been Lloyd's Register representatives since 1839 up to 1977. We are also not only the oldest Company to be on active service continuously at Canary Islands but one of the world too.

The main activity of our company has been that of Ship Agent and Stevedoring, through all these years have gained a reputation of efficiency and professionalism which is well known worldwide as it is shown in the large list of companies that we represent in the Canary islands.

OUR SERVICES:

- Shipping Agents
- Stevedores
- Cargo operations
- Rig Logistics
- Seafreights cargo (handling / Clearance / Delivery)
- Airfreights cargo (handling / Clearance / Delivery)
- Container Handling (stuffing/unstuffing, securing, etc).
- Crane and Truck Transport
- Crew and 3rd parties logistic (Hotels, Meals, Transfers, etc).
- Off-shore equipments hires
- Bunker Brokers
- Gas cylinders refilling
- Warehousing opened & sheltered
- Loading/discharging of cargo/supply vessels
- Manpower (riggers, forklift drivers, etc)
- Coordinators, banksman.
- All the services relating to ports, ships, crews and passengers requirements.

Our present HSEQ challenge is to keep improving the integrated management system.

- PROCEDURES
- MANUALS
- FULLFILMENT OF ALL RULES
- IMPROVING OUR ALREADY CONSOLIDATED KNOW-HOW WHICH HAVE SHOWN ITS MADURITY AND WELL DONE SERVICES FOR MORE THAN 175 YEARS IN THE MARITIME TRADE.

Ecología Canaria, SA, es una empresa canaria, perteneciente al Grupo Cepsa y a la empresa Befesa, cuyo ámbito de actuación abarca a todas las islas del Archipiélago. Las actividades principales que desarrolla, certificadas bajo los referenciales ISO 9001, ISO 14001 y OHSAS 18001, son las siguientes:

- Limpiezas industriales (depósitos, arquetas, tanques, etc.).
- Gestión de residuos peligrosos, incluido el MARPOL (nº de autorización RP-00074C).
- Gestión de residuos no peligrosos (nº de autorización RNP-05584C).
- Trabajos de retirada y gestión de amianto. (nº de inscripción en el Registro de Empresas con Riesgo de Amianto, RERA: 38/025).
- Prevención y control de la legionelosis (nº de registro 0487-CAC-LEG).
- Investigación y remediación de suelos potencialmente contaminados y aguas subterráneas asociadas.
- Limpieza y desgasificación de cisternas según el RD 948/2003, modificado por el RD 340/2010.
- Centrifugación de lodos.

Para la realización de los trabajos indicados anteriormente, Ecología Canaria cuenta con personal cualificado y con diversos vehículos y maquinaria para la gestión y tratamiento de residuos. También dispone de equipos específicos para el desarrollo de las actividades de investigación y remediación de suelos.

PORT AND CITY DEVELOPMENT

With the aim of extending the city towards the sea, we are developing the “Vía Enlace Project” based on the construction of a City-Port Social Integration and Activity Hub including areas for:

- › Leisure and recreation activities
- › Nautical and sport activities
- › Equipment
- › Traveller assistance
- › Retail space

The new project will affect 170,000 Sqm, 65,000 of them in built-up space.
