# Cremo Ingredients Part of Kerry Group

With roots dating back to 1906, our dairy facility in Glamsbjerg has been a prominent employer in the heart of Midtjylland for generations. Specializing in various product segments, we transitioned to cheese powder production in 1969, leveraging surplus cheese to become a global leader in this arena. Since Kerry acquired Cremo Ingredients from Arla Food Ingredients in 2004, our trajectory has been marked by significant investments.

Under Irish ownership since 2004, our positive trajectory continues, with substantial investments fueling growth. Our workforce has expanded, now comprising 130 employees, including a significant international contingent. Many of our overseas colleagues are specialists in their fields, contributing to our vibrant, multicultural environment.
