SQYPower

Clean power, zero fuel

Our battery-powered, emission-free alternative to traditional generators removes the need for fuel and oil change and generates zero noise and emissions. SQYPower requires minimal maintenance and running costs while offering a long lifetime and an attractive ROI.

- ✓ Battery type: lead acid - 12V/165-200Ah
- ✓ Battery capacity: 48V / 165-200Ah
- ✓ Output power: 15kVA / 12kW (@ 25°C)
- ✓ Operation temperature range: -10 to 30°C
- ✓ Weight: approx. 380 kg
- ✓ Dimensions: 110x60x90 cm

Flexible Sealing System

Trailing edge and leading edge sealing

Our sealing system prevents rain and humidity from impacting the work area. This reduces downtime caused by challenging weather conditions.

- ✓ Easy installation, only 10 minutes
- ✓ Sealing adapts to the shape of the blade

Flexible Work Chamber System

A sectionized work chamber system

Our work chamber improves the working environment and enables the platform to be used in all seasons of the year.

- ✓ Varying chamber sizes
- ✓ Humidity control
- ✓ IR heater system
