## Create, build and grow join RTX

RTX is an innovative company in growth and we expect increased activities in development of customized wireless solutions over the coming years. We create solutions from the concept definition and prototyping stage to production. We collaborate with customers and technology partners around the world. We innovate and develop not only today's solutions but also the technology platforms and solutions of tomorrow.

We offer a working environment with a multitude of opportunities for challenging, visionary development projects and products in a global context. As a result, RTX has proved able to attract and retain the very

best people currently working within our particular field of technology and product development. RTX values engaged and competent employees who contribute to a good working environment. RTX is hiring talented and ambitious people for development of wireless solutions.

### **Ready, set, go!**

Even as a new or recent graduate, you will be a valued and active member of your team from day one, and you will have plenty of opportunities to grow and face new challenges.

# Making your business shine is our North Star

Based on our valued employees, BB Electronics provides a comprehensive range of specialist EMS services focused on design for manufacturing, sourcing, production, assembly, automation, testing, box build, and system integration, along with distribution and after-sales services.

BB electronics A/S is a trusted partner to RTX since 2012

## About us

- Founded in 1975, headquarters in Horsens, DK
- Full-service EMS supplier
- >100 customers in multiple industries
- Customer-centric organization – customer teams
- Denmark, Czech and China sites on same platforms
- From prototype and NPI to after-sales service
- Focus on High Mix – Low to Medium volume
- LEAN-based operation principles
- Customized and generic automation solutions

## Ansvarlig pension til dem, der former Danmark

Som ansat hos RTX har du en firmapensionsordning hos pensionskassen P+. Aftalen sikrer dig en fleksibel pensionsordning, der giver tryghed og dækker dig i alle livets faser.

### Lave omkostninger

P+ har nogle af branchens laveste omkostninger til administration og investering. Det betyder, at dine penge går til din opsparing og ikke forsvinder i gebyrer.

### Ejet af medlemmerne

P+ er først og fremmest medlemmernes pensionskasse. Der er ingen aktionærkreds, der skal have del af investeringsafkastet. Alt overskud går direkte til dig.

### Professionel rådgivning

P+ er specialiseret i at rådgive ingeniører og tilbyder pensionsrådgivning, der giver dig de bedst mulige forudsætninger for en tryk pensionstilværelse og økonomisk sikring af både dig og din familie.

### Sundhed og trivsel

Som medlem af P+ har du en sundhedsordning, som er din genvej til hurtig behandling på privathospital eller hos speciallæge. Du er også sikret adgang til professionel hjælp, rådgivning og støtte ved mistrivsel, stress eller sygdom.

”

P+ er stolte af at levere attraktive pensionsløsninger til et stadigt voksende antal medarbejdere hos RTX.

**Jan Mazgaj, salgschef i P+**

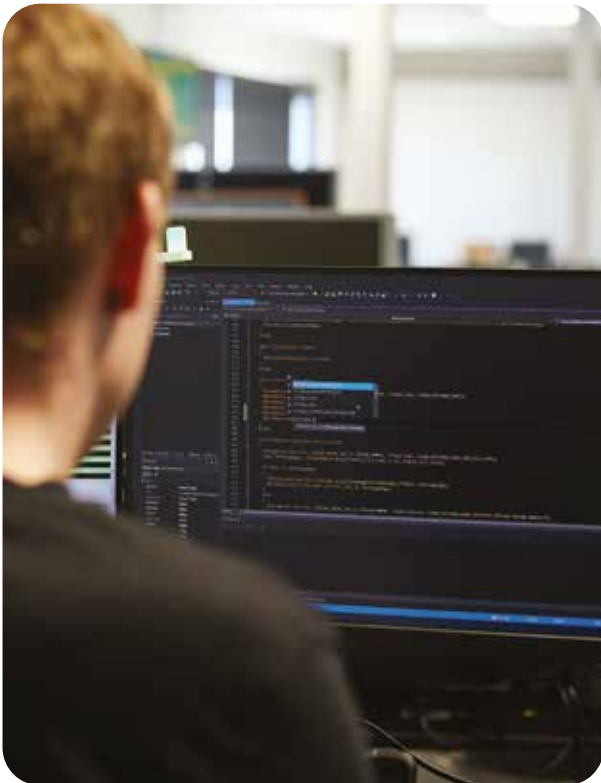

## **Hvem er vi?**

P+ er pensionskassen for akademikere. Vi er 105.000 medlemmer, der ejer P+, og vi har tilsammen en formue på ca. 150 mia. kr. Det gør os til Danmarks 10. største pensionsselskab.

At RTX, we design, develop, and manufacture innovative wireless communication solutions within three main application areas: enterprise solutions such as wireless systems including handsets, headsets, and base stations; second, professional audio, including wireless microphones and other solutions for concerts and conferences, as well as gaming accessories such as keyboards, headsets, and mice; third, our healthcare technology where wireless systems are used for monitoring critically ill patients, among others.

Our strength comes from our people. We strive to give our employees the best environment to collaborate, innovate, learn, and grow.

Our diversity makes us strong. Our way of working is based on collaboration, respect, and trust. We focus on outcomes and can count on our colleagues from around the world to develop new ideas and help solve our challenges.

## What you can expect from us

### **AT THE FOREFRONT OF WIRELESS COMMUNICATION**

RTX is a market-leading innovator in our field of wireless communications.

### **AN INDUSTRY IN GROWTH**

Wireless communication is an industry that is developing fast. We offer an opportunity to make a mark on the development.

### **CAREER DEVELOPMENT**

We strive to develop our talented employees via our technical ladder.

### **CURIOUS, STRAIGHTFORWARD, AND PROFESSIONAL**

We are curious, straightforward, and professional in our work. We are easily approachable, informal and operate with knowledge and confidence. We have learned to optimize the explorative creativity within the boundaries and scope of each project. We are experts; we love what we do - and it shows!

### **WORKING IN TEAMS**

Good colleagues play a big part in making work feel meaningful. Not two projects are the same, and neither are our solutions.

### **FLEXIBILITY IN THE WAY WE WORK**

We offer flexibility in the way we work, and our employees can work in our offices in Aalborg or Aarhus and work remote other days if preferred.

### **GOOD WORK-LIFE BALANCE**

Whatever the circumstances we want to ensure a healthy balance work and spare time to give our employees the best possible working conditions.

## International in practice

At RTX, you get to unfold your ambitions in an international environment. We offer our employees a multitude of opportunities to use their skills in an international environment in cooperation with customers and partners around the world. We are a European company operating globally and employ 300+ people at our locations in Denmark, Hong Kong, and USA, with our headquarters in Nørresundby.

### A social environment with a strong community

At RTX, we value the social aspect very highly. For RTX to be a great place to work, we find it very important

to support a strong social community. Therefore, we have a very active staff club arranging various events and social gatherings – at minimum of one event every month.

We have an informal and casual working environment, and every day of the week we go to lunch together in our canteen. Next to our canteen, we have different physical facilities in the form of a sports hall, frequently used for joint sports activities, and a fitness room – all for free use. We believe that with a strong community we can provide the best solutions.
