Your Career with Wireless Innovation at RTX

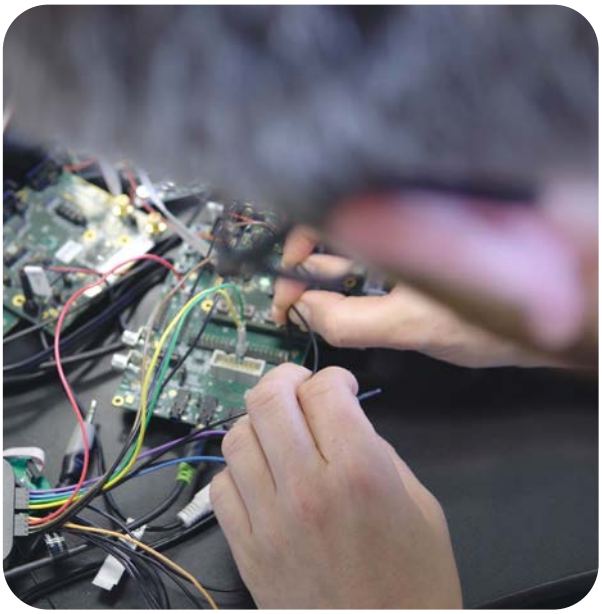
RTX

Where wireless tech meets real-world impact. From concept to production, we create solutions for Enterprise, ProAudio, and Healthcare. Join a team that values collaboration, growth, and making a difference.

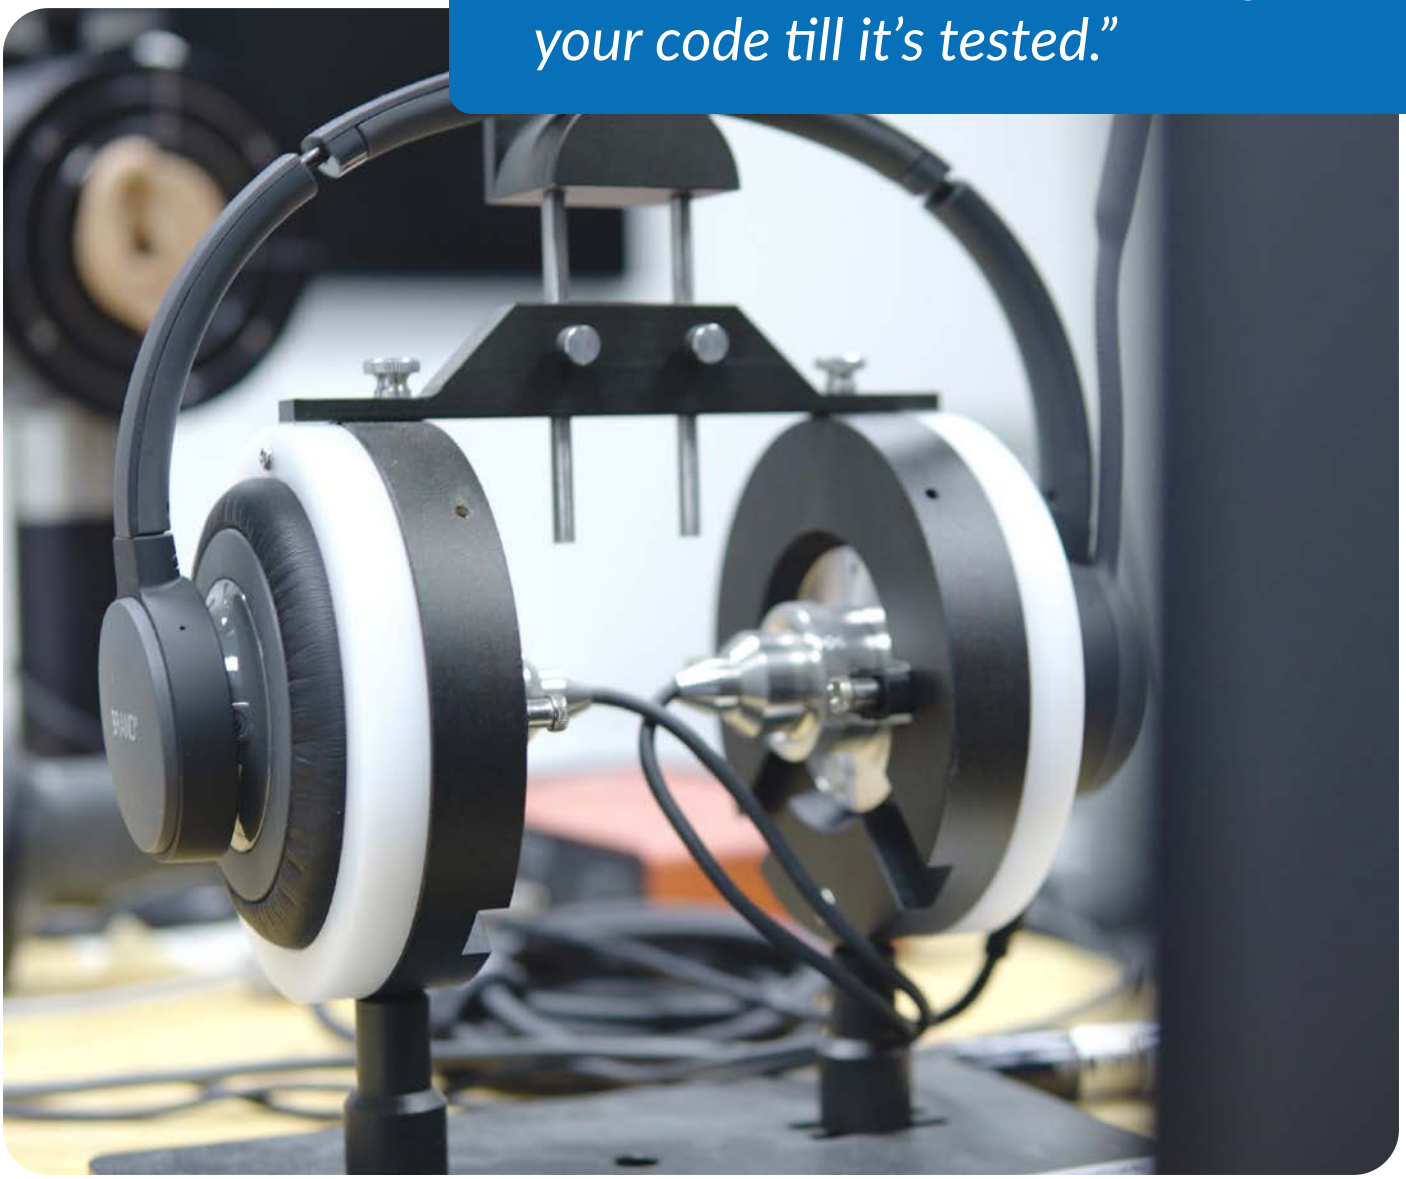
Transform Ideas into Reality

As a software developer at RTX, you'll have a vital role in developing the next generation of wireless communication solutions. You'll work on projects ranging from communication systems for businesses to medical devices and professional audio equipment. Collaborate with a diverse team of experts, utilizing your skills in C/C++, Python, and embedded systems to create impactful software solutions that shape the future.

At RTX, you'll have the opportunity to work on the full lifecycle of software development, from conception to deployment, while fostering your skills in development, testing, implementation, and maintenance. You'll be empowered to take ownership of your work and contribute to the ongoing success of our products

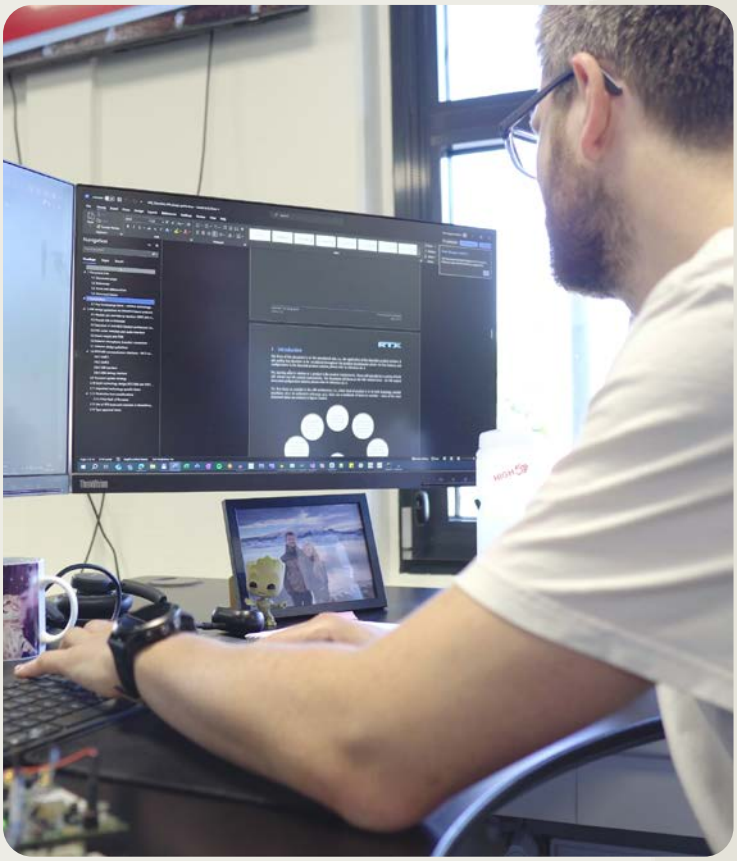


”The time is short from writing your code till it’s tested.”



Collaboration is key at RTX

You'll gain a holistic understanding of the product development cycle, from design and development to testing and production, while learning from specialists in hardware, software, RF, acoustics, DSP, and more. Our open and supportive culture encourages knowledge sharing and provides a platform for you to contribute your unique skills and perspectives. We are dedicated to your growth and offer opportunities to explore new roles and responsibilities across teams and disciplines, ensuring your continuous professional and personal development through training and mentorship.



"We regularly sync up with other teams to ensure a smooth integration of our work."
- RTX Software Engineer

"I've never felt alone with a problem at RTX. There's always someone ready to lend a hand or share their expertise." - RTX Hardware Engineer

OVERVEJER DU EN NY KANTINE?

CHEVAL BLANC KANTINER

P+ Ansvarlig pension til dem, der former Danmark

P+ er først og fremmest medlemmernes pensionskasse. Det betyder, at du får lave omkostninger, og at alt overskud går direkte til dig.

Lene Mortensen,
medlemsdirektør i P+

Som ansat hos RTX har du en firmapensionsordning hos pensionskassen P+.
Aftalen sikrer dig en fleksibel pensionsordning med attraktive forsikringer.
Det giver tryghed for dig og dine nærmeste hele livet.

- ✓ Branchens bedste afkast i 2023
- ✓ Lave omkostninger
- ✓ Ansvarlige investeringer
- ✓ Sundhedsforsikring
- ✓ Professionel rådgivning
- ✓ Ejet af medlemmerne

P+ er pensionskassen for akademikere. Vi er over 114.000 medlemmer, der ejer P+, og vi har tilsammen omkring 160 mia. kroner.
Det gør os til et af Danmarks 10 største pensionsselskaber.

Explore Diverse Career Paths

We are dedicated to your growth and offer a wealth of opportunities to explore different domains and technologies. Whether you're passionate about developing wireless solutions for the Healthcare sector, enhancing Enterprise communication systems, or pushing the boundaries of ProAudio technology, RTX provides the platform for you to specialize and excel. Our diverse projects and teams allow you to continuously expand your knowledge and expertise, ensuring a fulfilling and dynamic career path.

Thrive in a Welcoming Environment

Experience a welcoming and inclusive environment where individuality is embraced and everyone feels valued. We foster an open and informal culture, organizing social events to connect with colleagues and build camaraderie. At RTX, we support your personal interests and encourage you to pursue your hobbies and passions.

Vi kan tilbyde dig:

- Rengøring af kontorer, kantiner, mødelokaler og lignende
- Rengøring af skoler, daginstitutioner med mere
- Rengøring af private hjem

Vi har et team af professionelle, der står klar til din opgave.
