STRONG SOLUTIONS IN A CHANGEABLE WORLD

For more than eight decades, A. Henriksen Shipping A/S has served as a reliable shipping partner all around the world. Our company is built on knowledge, experience and flexibility. After 80 years, these values are still the cornerstones of A. Henriksen Shipping A/S.

This have made it possible for us to keep our position as a preferred business partner in a changeable world. Over the years we have managed to keep up with our customers' needs and demands while adapting to a more digital world and reality. From physical goods to integrated IT-solutions. From ocean to air freight, from small parcels to complex project cargo.

Times are changing, but A. Henriksen Shipping A/S always provides strong, custom-made solutions.

Bjarke West Pedersen, CEO

OUR PRODUCTS

OUR PRODUCTS

ROAD AND LINER AGENCIES

ROAD AND OCEAN FREIGHT

Our road and ocean specialists are here to lead the way when your goods require transportation by either truck, ship (FCL/LCL) or plane to terminal or door to door. We have more than 25 years of experience within the field, and our expert collaborators are ready to help us all the way. We handle freight tasks across the entire European continent as well as the rest of the world.

We also offer guidance and assistance with general paperwork such as T2L, EUR1 and UCR documents, customs clearance and insurance.

LINER AGENCIES

As agent for several shipping lines, we offer scheduled and regular transportation between ports in the Baltics, Poland, Denmark and Norway via our terminal in Hundested. Weekly calls – short transits.

OUR PRODUCTS

PROJECTS AND HEAVY LIFT

PROJECTS

We are equipped for handling projects of all sizes and complexities. We offer a wide range of reliable, safe and cost-effective logistics services – from factory to foundation.

We can always assist you with a suitable transport solution for your cargo, whether it concerns pre-carriage, vessel chartering, river barging, beach landing or deliveries to building sites carried out by special trailers. Our skilled employees offer high-quality project solutions and are competent in all kinds of logistics solutions.

HEAVY LIFT

At the terminal in Frederiksværk we have 2 heavy-lift shore cranes, with lifting capacity of 140 tons and 100 tons respectively. In combination we can lift cargo of approx. 220 tons. One of our better known heavy-lift projects was handling the bridge elements for Crown Princess Mary's Bridge, which was completed in September 2019, and we are ready for some new, hard-hitting heavy lifts.
